

FOR IMMEDIATE RELEASE

**LYNDA CURTIN TO SPEAK AT THE WORLD FUTURE SOCIETY CONFERENCE--
EDUCATION SUMMIT: INNOVATION AND CREATIVITY IN LEARNING**

Glendale, Calif., January, 15, 2009--The Opportunity Thinker announced today that Lynda Curtin, product development director of de Bono for Schools products, will be a featured speaker at the World Future Society's Education Summit on July, 17 2009 in Chicago.

The title of her presentation is *CoRT: Futurist Thinking Tools for Students*. She will be discussing why the only reason schools exist is to cultivate students who can think broadly about any topic. The only reason people with an education get hired is because of their ability to think. Great thinkers create great futures. She will introduce the attendees to key CoRT thinking tools that help strengthen creative performance.

Lynda is a compelling, down-to-earth presenter with a message that inspires people to help equip students to become excellent lifelong thinkers.

Dr. Edward de Bono is credited with creating the most widely taught thinking skills curriculum for school children in the world. India, Singapore, Hong Kong, and the UK are examples of countries where students are learning de Bono thinking tools as one way to help prepare them to be productive world citizens.
